Select the term, department and course information on this page. If you do not see the department you need to adopt from on the dropdown menu for departments, choose the “Add Department” link to add more departments to your profile.

To filter by instructor (which displays only the course and section numbers associated with that instructor) choose the instructor’s name from the dropdown. It’s not necessary to filter the courses by instructor, although it may be helpful if your department has a lot of courses.

If you cannot find the course number in the course dropdown, click the “Add Course” link to the right of the dropdown to type in your course information.

If you do not plan on requiring any materials for the course, please check the box on this page. If this box is unchecked and you have not adopted any books for the course, the system will not accept your adoption.

Step 2: Find Books

There are several ways to find books to adopt. You can look at your book list, you can browse books by subject, you can search for books by ISBN, title or author, or you can look at the history of the course to find books.

Step 3: Select Usage

The screenshot shows the 'Guided Adoption' interface. At the top, there is a breadcrumb trail: 'Bookstore Home > Faculty Adoption Home > Guided > Select Usage'. Below this is a progress bar with four steps: 'Step 1 → Step 2 → Step 3: Select Usage → Step 4'. The main content area is titled 'Select Usage' and contains a section for 'Textbooks'. The first textbook listed is 'MANAGEMENT+THE ARTS' by BYRNES, published by TAYLOR, 4TH 09 edition, with ISBN 978024081004. It shows a new price of \$49.95 and a used price of \$37.50. The cover type is set to 1, and the usage is currently set to 'Select Usage*'. To the right of the main content is an 'Adoptions Cart' sidebar showing the current term as 'J-TERM 14', course 'AMGT 441', and section '01'. It also lists the book 'MANAGEMENT+THE ARTS' with options for 'Detail' and 'Remove'. At the bottom of the main content area, there is a 'Message to Book Store' section with a text input field and a character count: 'Current: 0 > Remaining: 512 > Maximum: 512'. Below the message field are 'Continue' and 'Cancel' buttons, and a note: 'Note: All fields marked with a red asterisk (*) are required.'

In this step, you will need to select whether the book is required, recommended, optional or a study aid. You can also include a message to the bookstore. This is a good spot to include a message about any merchandise (calculators, graph paper, lab equipment) that you would also like included in the course requirements.
